PROFESSIONAL SUMMARY

Full-Stack Developer and AI Builder co-founding ventures in EdTech and FinTech. Architected a 200+ user personalised learning platform, led a 10-member engineering team, and built a 150+ member fintech education community. Targeting Full Stack, Product Engineering, and Consulting roles

WORK EXPERIENCE & INTERSHIPS

College Circle Ai, Bengaluru

Apr 2025 – Present

Co-Founder & CTO

- Architected and shipped a personalized learning platform reaching **200+ active users**, by directing a **10 member cross-functional engineering team** across frontend, backend, and AI integration workstreams.
- Defined technical vision, product roadmap, and AI-powered study path features driving platform from concept to a live, actively-used product serving students and institutions.

The Builder Club, Bengaluru

Dec 2025 – Mar 2026

AI Research & Outreach Intern

- Achieved a **75% event-registration conversion rate** from an outreach base of **100 leads**, by designing pre-event branding and lead-generation frameworks deployed consistently across multiple departments.
- Developed pre-event branding and lead generation frameworks for online seminars, improving audience reach and engagement consistency across departments

PROJECTS

Multi-Agent Code Writing System | Python, LangGraph, Gemini API

Jan 2025 – Mar 2025

- Contributed **2 of 6 specialized agent modules** (code review and code generation) to an open-source multi-agent coding system, reducing coding task completion time by **75%**, by designing agents that generate and review code without over-engineering the implementation.
- Implemented agent communication protocols enabling parallel task execution and dynamic workflow adaptation across complex coding pipelines.

Lumière 2025 — Mgmt. Fest Portal | React, TypeScript, Node.js

Jan 2025 – Mar 2025

- Delivered the official event portal for CHRIST University's "Age of Multipolar" management fest, supporting **50+ registered participants**, by building interactive event registration, a competition showcase, and a real-time admin dashboard for organizers.
- Built responsive design for all device types with integrated interactive venue map, streamlining navigation and participation for hundreds of student attendees.

SKILLS

Technical: Python, JavaScript (ES6+), TypeScript, Java, C/C++, HTML/CSS, SQL, Git

Domain: Full-Stack Development, AI/LLM Integration, Product Strategy, FinTech, Operations Management

Soft Skills: Leadership, Problem Solving, Cross-functional Collaboration, Strategic Planning

Languages: English — Proficient (C1) | Hindi — Fluent | Marathi — Conversational & Native

CERTIFICATIONS & TRAINING

• **What Is Generative AI?** — LinkedIn Learning

Mar 2025

• **International Programming Proggy-Buddy Content** — DataArt

Oct 2024

• **Ethical Hacking** — L&T EduTech

May 2025

CO-CURRICULAR & LEADERSHIP

Vault Vortex - Fintech Club, CHRIST University, Bengaluru

Jun 2024 – Present

Secretary

- Founded and grew club to 150+ members; conducted weekly sessions on fintech, banking APIs, and payment systems. Organised Fin Code event with 50+ participants.

ACHIEVEMENTS & AWARDS

• **Top 100 — International Programming Proggy-Buggy Contest** — DataArt gobal competition

Oct 2024

• **Best Website Designer** — CHRIST University annual dept. competition

Oct 2024

EDUCATION

CHRIST (Deemed to be University), Bengaluru

Jul 2023 – May 2027 (Expected)

BCA(Honours) — Software Developer, AI | CGPA: 7.58 / 10.0

Army Public School, Chandimandir | CBSE

Class XII: Apr 2023 · Class X: Apr 2021

Class XII — 86.6% | Class X — 76.5%
