

SUKHMANI KAUR BHATIA

Bachelors of Computer Application (Honours) | Batch 2023–27 | **CHRIST (Deemed to be University), Bengaluru**
sukhmani.kaur@bcah.christuniversity.in • +91 8088772207 • <https://www.linkedin.com/in/sukhmani-kaur-bhatia-66568b2ab/> • Bengaluru, Karnataka

PROFESSIONAL SUMMARY

Aspiring Data & Software Engineer with background in BCA(Honours) with skills and practical experience ranging from full-stack web app's, Mobile platforms to talent funnels and sourcing pipeline. Experienced with the use of technologies for Machine Learning, Certified Machine Learning, Exploratory Data Analytics, and Predictive workflows to solve complex problems. Seeking Data Analyst / Software Engineer roles to deliver world-class high-performance machine learning applications and data infrastructure.

INTERSHIPS

Zyoin Group

Nov 2025 – May2025

AI Talent Acquisition Intern (Tech Hiring)

- Sourced and screened tech candidates for technical roles using ATS and sourcing tools, evaluating profiles against role requirements.
- Coordinated with hiring managers and clients via calls and syncs, and participated in candidate interviews to align on role requirements and pipelines.

Dreamscape Interiors

May 2024 – June 2024

Design Intern

- Gained foundational skills in AutoCAD, 3ds Max, and Photoshop for architectural and interior design workflows
- Participated in client meetings and site visits to assess requirements and present design concepts.
- Collaborated with cross-functional design teams on real-world architectural and interior design projects.

PROJECTS

CampusCrave | ReactJS, TailwindCSS, NodeJS, ExpressJS, Firebase

November 2024 – March 2025

- **Full-Stack Development:** Built a responsive web app using **ReactJS, Tailwind CSS, Node.js, and ExpressJS** to digitize campus food ordering and eliminate peak-hour queue congestion.
- **Security & Authentication:** Integrated **Firebase Auth** for secure college-email login and implemented **OTP-based verification** to ensure authorized order pickups.
- **Real-Time Data & Deployment:** Utilized **Firebase Firestore** for live menu and order tracking, deploying the platform on **Firebase Hosting** to optimize canteen staff workflows.

BookYourShow | Kotlin, Android Studio

December 2023 – February2024

- Built a Kotlin-based mobile app inspired by BookMyShow, enabling event browsing and ticket booking
- Implemented fragments, intents, and multiple menus to ensure smooth in-app navigation.

Cricket Swing Bat Analyzer | IoT, Tinkercad

December 2023 – January 2024

- Designed an IoT-based system using motion sensors to analyze cricket bat swings in Tinkercad.
- Delivered real-time feedback on swing speed and angle to support performance analysis .

SKILLS

Technical: Python, Java, Kotlin, JavaScript, C#, ReactJS, TailwindCSS, Framer Motion, NodeJS, ExpressJS, Firebase (Firestore, Authentication), MongoDB, AWS, Git, Visual Studio Code, Android Studio, Firebase CLI

Soft Skills: Leadership, Data Storytelling, Problem Solving, Cross-functional Collaboration, Public Speaking, Team Leadership, Event Coordination, Stakeholder Communication, Organizational Planning

Languages: English — Proficient | Hindi — Fluent | Kannada — Fluent

CERTIFICATIONS & TRAINING

- AWS Academy Cloud Foundations — AWS Academy Graduate
- Big Data 101; Hands-on Supervised Machine Learning with Python — Infosys Springboard
- TechA: Transition from Kotlin Java Developer to Android Developer — Infosys Springboard
- Data-Driven Storytelling and Visualization — L&T EduTech
- E-Business — NPTEL

CO-CURRICULAR & LEADERSHIP

Samagra – Computer Science Association, Christ University

Aug 2023 – June 2025

Management Committee Member

- Planned and organized national-level college events, coordinating schedules and hospitality for participants and international guests.
- Built teamwork, leadership, and organizational skills through hands-on involvement in end-to-end event execution.

EDUCATION

CHRIST (Deemed to be University), Bengaluru

Jul 2023– May 2027 (Expected)
