

KAVYA NAGAR

Bachelor of Computer Applications (BCA Hons) | Batch 2023-26 | **CHRIST (Deemed to be University), Bengaluru**
kvynagar@gmail.com • LinkedIn • Bengaluru, Karnataka

PROFESSIONAL SUMMARY

BCA student with hands-on experience in market research, data analytics, and stakeholder communication across cybersecurity research, founder's-office operations, and consumer insights projects. Skilled in translating complex data into structured, decision-ready outputs using Python, SQL, and Excel. Seeking a business operations or product role to deliver evidence-based strategic recommendations.

WORK EXPERIENCE & INTERNSHIPS

Fluxton, Bengaluru

Jul 2026 – Present

Founder's Associate Intern

- Drafted product requirement documents (PRDs), translating market inputs into structured specifications. Managed social media end-to-end, driving a 25.4% increase in search appearances and a 139.47% increase in page visitors in 2 days.
- Formulated internal policies and operating guidelines to standardize processes across early-stage team functions.
- Conducted market research and competitive analysis to inform founder-level product and business decisions.
- Built and maintained the applicant database and led collection & analysis of operational data to support strategic planning.

Christ University

Dec 2025 – Present

Cybersecurity & Psychology Research Intern (Prof. Teena Jose)

- Mapped 20+ peer-reviewed sources across cybersecurity and behavioural psychology into structured competitive briefs; reduced senior researcher review time by ~25% through synthesis-ready, decision-focused outputs.
- Managed end-to-end data pipeline for 400+ participants across a 38-item psychometric study — designed outreach, coordinated live collection, and preprocessed responses concurrently with zero data loss.
- Built reusable Python automation scripts cutting manual analysis time by 1.5x; documented workflows for cross-functional handoff, improving team execution speed.
- Coordinated stakeholder scheduling and follow-ups across concurrent research workstreams involving faculty, co-authors, and external collaborators — structured pipelines ensuring no action items fell through.

PROJECTS

Molecular Docking Automation Pipeline | Pharma Domain

Jul 2025 – Present

- Integrated multiple computational tools into a single automated pipeline for molecular docking, achieving 86% prediction accuracy and reducing processing time by 1.5x; now drafting a journal paper structuring findings for technical and non-technical audiences.

Nutri-Journey: Consumer Behaviour & Insights Model | Healthcare Lifestyle

Apr 2025 – Jun 2025

- Conducted primary and secondary consumer research on behavioural determinants influencing health decisions; synthesized findings into structured, commercially aligned insights relevant to customer discovery.

SKILLS

Technical: Python (NumPy, Pandas, Matplotlib), SQL (MySQL), Statistical Analysis, Data Cleaning & Preprocessing, Advanced MS Excel

Domain: Market & Consumer Research, Competitive Intelligence, Generative AI (Claude, Copilot) for workflow acceleration, insight summarization & automated reporting

Soft Skills: Insight Generation, Strategic Recommendations, Cross-functional Coordination, Stakeholder communication, Attention to Detail

Language: Hindi - Native, English - Proficient, German - A1

CO-CURRICULAR & LEADERSHIP

Vizerion Gaming Club

2025 – Present

Management Head

- Conducted recruitment interviews to build the management committee; led organisational planning and framework design for gaming events, coordinating execution across teams.

Samagra Computer Science Association

2024 – Present

Management & Hospitality Committee

- Managed guest hospitality across multiple department events; emceed select events and collaborated across committees to support smooth cross-functional execution.

EDUCATION

Christ (Deemed to be University), Bengaluru

Jul 2023 – Present

Bachelor of Computer Applications (BCA) | CGPA: 8.35

Edge Hill University, Ormskirk, United Kingdom

Jan 2025 – May 2025

2025

Semester Exchange Program (Semester 4) | First Class Distinction

St. Theresa's Girls' School, Bhopal, Madhya Pradesh

Apr 2023

2023

Class XII – 83.4%

St. Theresa's Girls' School, Bhopal, Madhya Pradesh

2021

Class X – 82%
