PROFESSIONAL SUMMARY

BCA student at Christ University with experience in data operations and AI/computer vision development. Demonstrated ability to build a real-time YOLO-based sign detection system from raw data through deployment. Seeking a Data Analyst or Machine Learning internship in AI-driven tech to deliver reliable data pipelines and hands-on model development that turn messy datasets into usable products.

WORK EXPERIENCE & INTERSHIPS

Credvest, Bangalore

Apr 2026 – Jun 2026

Data Analyst / Operations Intern - Search Zero

- Handled data scraping and aggregation workflows for proptech-related datasets.
- Cleaned, validated, and structured data for backend ingestion and operational use.
- Supported internal data operations by maintaining large-scale business datasets.
- Assisted with improving data accuracy and workflow efficiency across company platforms.

Audexis Pvt. Ltd., New Delhi

Nov 2025 – Mar

2026

Machine Learning Intern

- Conducted business research and prepared reports supporting the company's transition toward AI-agent solutions for businesses.
- Assisted in market analysis, use-case research, and documentation related to AI-driven automation products.
- Collaborated with the team on operational and strategic research for emerging AI services.

Campus Binge, Bangalore

Apr 2025 – Jun 2025

Business Development Intern

- Designed brochures and marketing materials to support promotional campaigns
- Collaborated with the team to shoot and edit social media content for brand outreach
- Engaged and brought in over 100 potential tenants through coordinated outreach and follow-ups

Benair Group, Dubai

Jul 2022 – Aug 2022

Administrative Support Intern

- Processed and validated 4K+ customer data entries and performed routine data entry for accurate recordkeeping
- Designed feedback forms and marketing brochures using Canva to support customer engagement and festive promotions
- Updated supply inventories and assisted with documentation to ensure efficient tracking and availability
- Compiled performance reports and summarized key contributions to support decision-making

PROJECTS

CogniSign – Computer Vision | Python, YOLO, OpenCV

Jun 2025 – Oct 2025

- Built a YOLO-based real-time hand sign detection model, handling data preprocessing, annotation, augmentation, and class balancing across 10+ alphabet classes.
- Developed a Python GUI to display live camera feed alongside real-time translated text output, enabling end-to-end sign-to-text conversion.

SKILLS

Technical: Python, C, C++, C#, MySQL, SQLite, MongoDB, Git, VS Code, Visual Studio, PyCharm, IntelliJ, Eclipse, Microsoft Office, Power BI

Domain: Data Operations, Market Research, Machine Learning, Data Analysis

Soft Skills: Leadership, Data Storytelling, Adaptability & Problem Solving, Cross-functional Collaboration, Outreach & Relationship Building

Languages: English — Native/Fluent | Hindi — Fluent | German — Elementary | Arabic — Elementary

CERTIFICATIONS & TRAINING

• AWS Cloud Foundations — Amazon Web Services (AWS) Training and Certification

Oct 2025

CO-CURRICULAR & LEADERSHIP

Samagra (Computer Science Association), CHRIST University, Bengaluru

Sep 2023 – Jun 2025

Head of Records

- Oversaw the documentation and archival of organizational data, ensuring consistent and structured records.
- Introduced a streamlined process for students to apply for co-curricular attendance, improving response efficiency.
- Coordinated reporting workflows and supported audit-readiness through accurate data management.
- Collaborated with cross-functional teams to uphold transparency and accountability across all initiatives.

EDUCATION

CHRIST (Deemed to be University), Bengaluru

Jul 2023 – May 2027 (Expected)

BCA Honors | CGPA: 7.7 / 10.0

The Indian High School, Dubai | CBSE

Class XII: Apr 2023 • Class X: Apr 2021

Class XII — 82.2% | Class X — 82.2%
